

**New
SphygmoCor
Tonometer**

AtCor Medical is proud to announce the release of the SphygmoCor Tonometer which combines proven pressure sensing technology from Millar with AtCor Medical's core competence of design and innovation.

The SphygmoCor Tonometer provides:

- Proven performance using the new AtCor Medical designed & patented sensor head.
- Improved ergonomics thru the use of new design concepts and innovative "soft grip" housing materials.
- A new user friendly cable material and design eliminates frustrating cable tangles.
- Investment protection with complete backwards compatibility with existing SphygmoCor Systems.

For further information or to order the new SphygmoCor Tonometer please contact your local AtCor Medical representative.
